

River Parish Council Events Committee

COMMUNITY GRANT APPLICATION FORM 2020

Information for Applicants

Some General Points

- We suggest that you read the whole application pack before you start filling in the form.
- Please feel free to add extra sheets, labelled with your group's name. However, please do not send us any information or documents that we have not requested as we cannot consider them.
- **The submission of an application form does not mean that your organisation/group will necessarily receive a grant.**

Guidelines

- The River Parish Council Events Committee makes grants up to £500 per project. You should not regard the maximum amount as a target figure. In practice, most allocations from the fund will be for smaller amounts. There is no minimum amount but we would prefer not to receive requests for less than £50
- Any funding awarded is a one-off payment.
- We welcome applications from all community organisations and groups. You must, however, be properly organised and will need to have a bank or building society in the name of your group.

Funding priorities and what we will and will not fund

- Your project must be for something that will bring benefit to the local community. We are keen to encourage applicants from voluntary and community groups that have not previously applied.
- We will not fund general running costs.

Examples of what can be funded

- Equipment, repairs or improvements to buildings or an event.

Cost

Your application must show that you have made a realistic assessment of the cost of your project. We will expect you to obtain, and send in with your application, proper estimates or quotes. Clear images taken with a camera phone and sent as attachments are acceptable.

Please also note:

- We will not fund projects that have already been completed or reimburse costs you have already incurred before making your application.
- We will not take any responsibility for any spending you may incur in preparing or submitting your grant application.
- We will not pay supplementary funding if your costs increase after you submit your application, or if you later find that you did not assess them properly.
- All costs must include VAT where applicable and you should show your VAT figures separately.
- After you have incurred the capital cost of your project, you must be able to meet all subsequent running costs from sources available to you.

When we receive your application we will

- send you an acknowledgement email.
- review your application to see if it meets the criteria
- contact you for further information, if required, and discuss the project with you
- advise you what happens next and when to expect a decision

How we assess your application

- the events committee makes grant applications once a year in March
- the closing date for applications during 2020 is Friday 28th February 2020
- the Events Committee will review all the applications received and submit recommendations for approval by the full Parish Council (by or on the second Tuesday in March)
- formal offer emails will be sent to the successful and approved applicants by the end of March 2020

Payment of grants

- if we have awarded you a grant, we will only pay this after you have received, signed and returned a copy of the formal offer letter we will send you
- by returning this, you will show that you accept the terms and conditions of the grant
- the grant will be paid by cheque

Legal requirements

If we award your project a grant, you must make sure that you and all of your agents follow relevant Health & Safety legislation when you/they carry out the work. You must, of course, take into account national legislation on equal opportunities, data protection, disability access, safeguarding children and vulnerable adults etc. If your project involves land or buildings, you must own or have secure tenure of any land or property involved in your project. You must have the proper authority to carry out the project. If your project requires planning permission, you will be entirely responsible for obtaining this.
