County Cllr. Thorp reported that the council tax increase will be 3.99%. Every effort has been made to keep the increase as low as possible. With particular regard to the current roadworks on London Road, Cllr. Thorp is concerned that too often traffic measures are in place despite little or no work being carried out. He is trying to get works carried out more efficiently. Cllr. Jones asked about drain cleaning. Cllr. Thorp advised that if there are problems such as blocked drains or potholes, as many people as possible should report the problem and this will affect the priority given to it.

c) Parish Councillors

No reports.

6. ANY QUESTIONS FROM MEMBERS OF THE PUBLIC

a) Complaint about recent tree planting in the Recreation Ground (17m)

The correspondent, who also attended the meeting, complained about the planting of three trees in the Recreation Ground near the rear fence of their property. They were concerned that they had not been made aware that the trees were to be planted. Chairman replied that the Parish Council is not required to consult or seek permission for planting of trees in the Recreation Ground. It was confirmed that the trees in question were flowering cherry trees, similar to those previously planted next to them. It was confirmed that the item had been discussed and

agreed by the Parish Council. The planting had been carried out following complaints about footballs going over into residents' gardens. The complainant was concerned that the planting had inadvertently created a set of goalposts which would encourage children to play football at the location. Chairman offered to seek permission for a fourth tree to close the gap. This was declined. The complainant wanted one of the trees moved so as not to affect the view. This was declined.

The two members of the public left the meeting at this point.

An email has been received regarding antisocial behaviour in the Recreation Ground and a person attempting to gain access to a neighbouring garden by climbing a tree. After discussion, it was agreed to move the two benches where people tend to congregate so that they are further from the back fence of the properties. It was also agreed to obtain a quote to extend the CCTV system to cover the area by the Crabble Lane play area.

c) To discuss cost options for CCTV Maintenance

Clerk has met with the CCTV system providers to discuss costs of maintenance. Clerk was asked to get the cost of callouts and hourly rates etc.

10. HIGHWAY IMPROVEMENT PLAN – SIX MONTH INTERIM REVIEW UPDATE

The Clerk attended an online interim review with Kent Highways of the Highway Improvement Plan, also attended by County Cllr. DaFriend, which had been offered to the Parish Council as there are no current active schemes in the plan. Three possible schemes were discussed:

- i) Pavilion Meadow / Chisnall Road Double Yellow lines around the road junctions with Lower Road - turned down as Kent Highways do not do work on schemes involving private roads.
- ii) Request for additional Wildfowl Warning Signs along the stretch of Lower Road near Crabble Corn Mill. Two additional signs were approved with funding split between Kent Highways and Cllr. DaFriend's members fund.
- iii) Discussed a request from a parishioner for 'No Loading' markers along a short stretch of Lower Road near her property to avoid damage to her fence. This was turned down. These sort of restrictions are inappropriate in this location and KCC does not have any policy to protect private property.

Clerk was asked to confirm when the next update to the Highway Improvement Plan is due.

11. TO DISCUSS EVENTS IN 2026

Cllr. Atkins is already emails enquiring about the Summer Fete. There has been a suggestion received for a bonfire night with fireworks this year. There are two options for a new camera to cover the area around the Crabble Lane Play Area: a camera on a high pole looking towards the Crabble Lane Play Area at £2000 or a standalone solar powered camera linked into our system at £1549.

Cllr. Styles-Martin asked if the solar option would be able to be moved should the need arise to cover a different area.

It was agreed to get the existing cameras working via a service call and then wait to see if the relocation of the benches improves the situation with antisocial behaviour. Also to investigate any other options including a metal pole rather than the wooden pole specified and whether the existing system could accommodate two new cameras. Also to ask about the cost of increasing the amount of time recorded.

c) To consider a recommendation from Flint House Sub-Committee to purchase a storage container

The Flint House Sub-Committee wishes to recommend the purchase of a storage container at a cost of £1900, including delivery. 55. REPORT ON THE PREVIOUS YEAR

Flint House

The major ongoing project is the refurbishment of the ground floor of Flint House in the Recreation Ground to provide a Clubroom for Dover Rangers and a venue for community meetings and training. There have been difficulties in the planning process which now seem to be resolved and it is hoped that planning permission will be granted shortly.

Tennis Courts

The River Originals Tennis Club have given notice and left the tennis courts at the Recreation Ground. The cost of maintaining the playing surface is now too high for the Parish Council to consider having them available for general public use. The funding stream which paid for the new courts at Connaught Park in Dover is no longer available. The only funding which the Lawn Tennis Association could provide are loans. The Parish Council are looking into possible options and will consult at the Fete this year to see what the local community would like to see the space used for.

Local Government Reorganisation

Although not directly involved in the process, the Parish Council have been kept up to date with Local Government Reorganisation through the Kent Association of Local Councils and the District Council. A decision is expected by central Government before the summer recess which will see the county divided into a number of unitary authorities with a mayor of Kent.

Lewisham Road Bus Shelter

The Parish Council have been seeking a replacement Bus Shelter in Lewisham Road since the damaged one was removed two years ago.

Data Protection

Changes in the data protection regulations (GDPR) relating to Parish Councils have taken up a lot of the Clerk's time in the past year. The main item which will be visible to the public will be changes in the website to improve accessibility.
